

Storage conditions, safety considerations and material transfer instruction

- **Product Specifications**

Product Name: Microfluidic[®] kit

Manufacturer: Omid Afarinan Mohandesi Ayandeh

General use: As bioink in 3D bioprinters, cell encapsulation, tissue engineering research and development and drug delivery.

This product is designed laboratory-grade and is not intended for use in human samples and clinical applications.

- **Hazards Identification**

Not a hazardous substance or mixture.

- **Storage Condition:**

Keep container tightly closed at 2-8 °C.

- **First Aid Measures**

Eye Contact: Flush eyes with water as a precaution.

Skin Contact: Wash off with soap and plenty of water.

Ingestion: Rinse mouth with water.

Inhalation: If breathed in, move person into fresh air. If not breathing, give artificial respiration.

This product has low inhalation and oral toxicity and is not irritating to the skin and eyes.
